

ICOHTEC

International Committee
for the History of Technology

1968 - 2008

Edited by

Wolfhard Weber

Bochum 2009

For our symposium in Victoria, Canada, in 2008 ICOHTEC asked some members of the Board and the Executive Committee with a long experience to present personal reflections about our activities. Those presentations were supplemented by some other contributions for the International Congress of History of Science and Technology in Budapest, Hungary, in 2009.

I gratefully acknowledge the help of James Williams and Hans-Joachim Braun in solving some problems in language editing.
