

International Committee for the History of Technology

BARCELONA SYMPOSIUM ICOHTEC TRAVEL GRANTS

Guidelines

The ICOHTEC Board will make available a limited number of grants for graduates, post-graduates and young researchers who are giving papers or present posters at the 2012 ICOHTEC Symposium **Technology, the Arts and Industrial Culture** in Catalonia, Spain 10-14 July 2012. Special preference will be given to students and young researchers from developing countries as well as Eastern and Central European countries in transition who are not able to receive sufficient financial support from their home countries or sponsors in other countries.

These travel grants are **not** intended to provide the full costs associated with attending the symposium; they are meant as an encouragement, not a full subsidy.

Eligibility: ICOHTEC Travel Grants will be awarded to students or young researchers, travel costs and accommodation costs of whom have not been covered by some sponsors.

The **Travel Grant of 350 euro** is to be used to cover bus/train/flight tickets, lodging and/or registration fee. Reimbursement will be made after presenting paper or poster and proving the student's or young researcher status by an appropriate document (Student's ID or supervisor's/professor's letter).

Application forms should be sent to the President as email attachments or by ordinary mail. Applications for support must include personal contact information, an estimate on travel, registration and accommodation costs, title of the paper/poster to be presented and a short CV. An application form may be downloaded from the ICOHTEC web site at <http://www.icohtec.org/resources-prizes.html>.

Deadline: Applications with appendices should be submitted by **26 March, 2012**. Submissions via email are requested and preferred.
