THE INTERNATIONAL COMMITTEE FOR THE HISTORY OF TECHNOLOGY (ICOHTEC)

ICOHTEC was formed in 1968. In 1993 the Constitution was amended to allow for individual membership. At the same time it was decided to publish an annual journal which would help to promote the study of the history of technology on the broadest possible basis. Volume 1 of *ICON* was published in 1995.

Membership in ICOHTEC is open to individuals, organisations and institutions. Subscribing members receive *ICON* as well as a regular electronic newsletter. Individual subscribers have electronic access to back issues on the ICOHTEC website (www.icohtec.org). Applications for membership can be obtained at the ICOHTEC website (www.icohtec.org) or by writing to Dr. Patrice Bret, IRSEM, Case 46, 1 place Joffre, F-75700 Paris SP 07, France. Back numbers can be obtained by writing to Dr. Bret.

Submissions for consideration for publication and other queries should be sent to Dr. James Williams, 25160 Harborside Boulevard, Punta Gorda, FL, 33955, USA or, preferably, to his email address, techjunc@gmail.com. Articles in *ICON* are peer reviewed; book reviews are commissioned. Detailed notes for contributors are available at <http://icohtec.org/publications-icon.html>.

Articles appearing in this journal are abstracted and indexed in *America: History and Life*, *Current Abstracts*, *Francis*, *Historical Abstracts*, *PubMed* and *TOC Premier*. *ICON* also is listed in the *European Reference Index for the Humanities*.
